MORE DOCTORS

And Nurses Needed at the Lexington Asylum, Says the Grand Jury.

Lexington, Ky.--The Fayette county grand jury reported to Judge Parker and was discharged. The body went fully into the alleged mismanagement of the Eastern Kentucky asylum and recommended several important changes in the institution. The jury said it believed the physicians now in charge of the asylum were entirely incapable of properly administering the affairs of the institution, and recommended that the number be increased. The report also said the number of attendants and nurses at the institution should be increased and the pay materially increased. The body recommended that a training school for nurses and attendants be established, and that the legislature be asked to appropriate sufficient money to build such a school.

The investigation was due to the scandal growing out of the recent death of Fred Ketterer, a patient at the asylum, who, it was alleged, was brutally murdered by the attendants.

NIGHT RIDERS

Are At Work Again in Kentucky--Four "Trust" Warehouses Dynamited.

Paducah, Ky.--There is war on between tobacco growers in Caldwell and Lyon counties and the tobacco trust, and large warehouses where "trust" tobacco is stored were dynamited wrecked. The warehouses were those of the American Snuff Co. and were located at Princeton, Caldwell county; Princeton, Eddyville and Kuttawa, Lyon county, within 45 miles of Paducah. The men who were the cause of the dynamiting, as evidenced by bloodhounds from the branch state prison at Eddyville tracing them back near Princeton. The buildings, fortunately for the trust, contained but little tobacco. The dynamiters worked from Princeton west. At Eddyville the explosion shattered windows for a wide radius. Several months ago trust warehouses in the southern part of Kentucky were dynamited and growers who sold tobacco to the trust received messages from the "night riders."

Abbot Obrecht has traveled 15,000 miles since he left his monastery last December. He was commissioned by his superiors in France to go to South Africa to make an inspection of the monasteries conducted by the Trappists among the semi-civilized tribes in that country. The abbot is a personal friend of the pope, and had several audiences with him during his stay in Rome. The abbot was received in Louisville by several of the Catholic clergy and was the guest of M. MOTHER WINS FIGHT

For Dead Son's Insurance, Only to Face Another Legal Contest.

Richmond, Ky.--In the case of Mrs. Eusebia M. Hume against the Fidelity and Casualty Co. of New York, Judge Benton has decided that Mrs. Hume is entitled to the \$20,000 insurance on her son, William S. Hume's life. Mr. Hume was lost in the wreck of the steamship Valencia last year of two coast of Vancouver Island. He was a member of the Hume Cooperative Co., which failed for over \$300,000. Immediately after the failure he went to California and embarked in business. When he started for California he took out a policy on his life for \$20,000, payable to his mother, but upon his death the question was raised as to whether his mother or his creditors were entitled to the amount of the policy. Mrs. Hume was laudator of the Hume Cooperative Co's paper for a large amount, and at the time the company was placed in bankruptcy she also was placed in bankruptcy. W. Neale Bennett was elected as her referee, and now has instituted proceedings in the federal court, seeking to get the money for the benefit of her creditors, although she was declared a bankrupt before the death of her son.

Lexington, Ky.--The thoroughbred breeding establishment of Miller, Bishop & Painter, now located near Mt. Kisco, N. Y., will be sent to Kentucky and quartered at La Belle stud of H. H. The firm is composed of Andrew Miller, of the Eastern Jockey club; C. F. FEUD TRIALS ON DOCKET.

Men Charged With Assassination of Marcum Will Face Court.

Lexington, Ky.--In the circuit court at Beattyville, Lee county, the cases of John Smith and John Abner, Breckinridge county feudists, charged with the assassination of James B. Marcum, were called. It is likely that Judge J. E. Dorsey, of Henderson, will arrive here to try the case, he having been appointed special judge in several Breckinridge county feud cases. Smith and Abner were tried jointly with B. F. French on a charge of assassinating Marcum in August at Beattyville, but the jury disagreed. Both men are in Jackson jail. They have been practically deserted by Judge Hargis, and it is believed that they will make some sensational statements when they are placed on the witness stand.

Corset Stay Saves Girl's Life.

Richmond, Ky.--Miss Mary Little, one of Richmond's prettiest young women, was shot and seriously wounded while driving with Mrs. John E. Gibson. A crack of a pistol was heard. A physician found that Miss Little was wounded in the left side just under the heart. The wound is not necessarily fatal. Had it not been for a corset stay, which turned the course of the ball, Miss Little would have been fatally wounded.

SELLS MORE OF CHAMBERLAIN'S COUGH REMEDY THAN OF ALL OTHERS PUT TOGETHER.

The following letter from a local where Chamberlain's Cough Remedy is well known shows by the unprecedented demand for it that the medicine sells on its own merit. Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best results." For sale by Chas. C. Davis the leading druggist, Mt. Vernon.

IN TIME OF PEACE.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have ehingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it is contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by Chas. C. Davis the leading druggist, Mt. Vernon.

SOUVENIR POST CARDS AT FISH'S CASH STORE

The Baptist church is being papered and the seats re-varnished, a much needed improvement. A good coat of paint for both the Baptist and Christian churches would be very much in order.

Judge Bethurum is evidently realizing that there is something in running for Congress, even though he was defeated. Never before in his life, has he been besieged by as many callers and those who cannot come just write to tell him which post office they want.

The bird law expired yesterday and every nimrod, who could possibly go, went early yesterday morning in search of the much coveted "Bob white." In this connection we might claim for Rockcastle some of the best marksmen to be found anywhere in the State.

The palatial home was beautifully decorated in ferns and evergreens and presented a splendid background for the beauty of those who attended. A large number were present, and many beautiful presents were received. Mrs. Jackson is receiving much praise as a charming hostess.—London Echo.

From the number who are having their lands posted against hunting, it begins to look as if the territory most favorable for the sport, will be cut pretty slim. But in this as in many other things the majority must suffer because of the faults of a few. There is hardly a man in Rockcastle county who would object to a little hunting on his land, if that was all there was to it, but in addition to permitting the hunting, fences are torn down, property destroyed, and in many instances stock has been killed or crippled by some reckless member of the party. If everybody would remember that good old saying: "Do unto others as you would have them do unto you," some of the most favorable hunting grounds would not be denied you, and privileges would not be denied all, because of the reckless acts of a few.

RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre cash and can be bought for \$7 50 to \$15 per acre. It costs \$6 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops such as corn small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 4 to 6 cuttings, a ton a cutting, and brings \$10 to \$16 per ton.

In other sections of these states, and in Texas as well, the rolling or hill-land is especially adapted to stock raising and fruit growing. Land is very cheap, \$5 to \$10; improved farms \$10, \$15 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water—it is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request.

The Missouri Pacific-Iron Mountain System Lines sell reduced rate roundtrip tickets on first and third Tuesdays of each month, to points in the West and Southwest, good returning 21 days with stopovers. For descriptive literature, time tables, etc., write to

Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nervine upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My mother's devotion saved me. After she had become almost heart-broken, as well as physically exhausted from constant care, by the advice of a neighbor she procured a bottle of Dr. Miles' Nervine. From the first dose to the last a continual change for the better was noticeable, and when I had taken eleven bottles I was well and in robust health."

EDWARD D. BEAM,
North Manchester, Indiana.

"Our little boy Harry, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nervine. We began giving it to him, and his improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and have not been seen now for years. We shall always recommend Dr. Miles' Nervine."

MRS. BELLE M. TINDALL,
Hastings, Neb.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

CORN CROP A BUMPER.

Commissioner of Agriculture Hubert Vreeland Saturday issued the following crop report which shows a comparative table giving results of the year, showing a bumper crop of corn and hemp for the year. The report says:

The wet weather prevailing in September continued until the first week in October, and wheat seeding and corn gathering were prevented. Since then the weather has been favorable and this work has proceeded without interruption. The average of wheat sown will be short, being 89 per cent compared to 1905. That which was sown early is coming up nicely and with favorable conditions a good stand is indicated.

The corn yield will be large, being rated at 102 per cent, compared to 1905, which was also a large yield. Corn is damaged from the wet weather and lack of sunshine, maturing badly and at least 20 per cent of the crop will be unmarketable.

Winter oats. The average will be short on this crop, being 80 per cent compared with 1905.

Acres of rye and barley about up to an average.

The best treatment for indigestion and troubles of stomach is to rest the stomach. It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach. At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by Chas. C. Davis.
